INDEX TO VOLUME XLIII

Asthma, treatment of 100 cases with ephedrine.. 185

Brown, J. Howard, and John W. Harris, The bacterial content of the vagina and uterus on the fifth day of the normal puerperium..... 190
Brown, J. Howard, and John W. Harris, Three cases of streptococcus puerperal infection with unusual lesions..... 26
Book reviews.....52, 111, 201, 309

Carcinoma cells *in vitro*, The main characteristics of..... 105
Cardiac muscle, mammalian ventricular, Electrograms taken from isolated strips of... 81
Chesney, Alan M., Thos. A. Clawson and Bruce Webster, Endemic goitre in rabbits. I. Incidence and characteristics..... 105
Chesney, Alan M., Thos. A. Clawson and Bruce Webster, Endemic goitre in rabbits. II. Heat production in goitrous and non-goitrous animals..... 278
Chesney, Alan M., and Bruce Webster, Endemic goitre in rabbits. III. Effect of administration of iodine..... 291
Clawson, Thos. A., Alan M. Chesney and Bruce Webster, Endemic goitre in rabbits. I. Incidence and characteristics..... 261
Clawson, Thos. A., Alan M. Chesney and Bruce Webster, Endemic goitre in rabbits. II. Heat production in goitrous and non-goitrous animals..... 278

Fischer, Albert, The main characteristics of carcinoma cells *in vitro*..... 105
Ford, F. R., The nervous complications of measles. With a summary of the literature and publication of twelve additional case reports..... 140
Forkner, Claude E., Material from lymph nodes. III. Gonococci from lymphoid tissue in a case of chronic infectious arthritis..... 257

Gay, Leslie N., and Nathan B. Herman, The treatment of 100 cases of asthma with ephedrine..... 185
Goitre, Endemic, in rabbits.....261, 278, 291
Grafflin, Allan L., and E. K. Marshall, Jr., The structure and function of the kidney of *lophius piscatorius*..... 205

Haemopoietic system, The hereditary factor in some diseases of the. (Wm. Sydney Thayer and Susan Read Thayer Lectures in Clinical Medicine) Lecture I. Introduction..... 61
Harris, John W., and J. Howard Brown, The bacterial content of the vagina and uterus on the fifth day of the normal puerperium..... 190
Harris, John W., and J. Howard Brown, Three cases of streptococcus puerperal infection with unusual lesions..... 26

Hartman, Carl G., Description of parturition in the monkey, *Pithecus* (*Macacus*) *rhesus*, together with data on the gestation period and other phenomena incident to pregnancy and labor 33
Herman, Nathan B., and Leslie N. Gay, The treatment of 100 cases of asthma with ephedrine 185
Herter Lectures:
The cerebellum: its structure and function 338
Pathogenesis of Argyll-Robertson phenomenon 363
Hydrogen-ion concentration, The range of, of certain buffer solutions in which the chicken tumor virus retains its activity 92

Ingvar, Sven, Herter Lectures 315

Jewish race, Some diseases in the, Lecture II. (William Sydney Thayer and Susan Read Thayer Lectures in Clinical Medicine) 117
Josephs, Hugh, The clinical aspects of sickle cell anemia 397

Lewis, Margaret Reed and Leonor Michaelis, The range of hydrogen-ion concentration of certain buffer solutions in which the chicken tumor virus retains its activity 92
Lophius piscatorius, The structure and function of the kidney of 205
Lymph nodes, Material from, III. Gonococci from lymphoid tissue in a case of chronic infectious arthritis 257

Marshall, E. K. Jr., and Allan L. Grafflin, The structure and function of the kidney of lophius piscatorius 205
Measles, The nervous complications of, With a summary of the literature and publication of twelve additional case reports 140
Michaelis, Leonor, and Margaret Reed Lewis, The range of hydrogen-ion concentration of certain buffer solutions in which the chicken tumor virus retains its activity 92
Motor cortex, The threshold for electrical excitation of the, of anaesthetized mammals 237

Parturition, Description of, in the monkey, *Pithecus* (*Macacus*) *rhesus*, together with data on the gestation period and other phenomena incident to pregnancy and labor 33
Pulse wave, A method for measuring the velocity of the, in which helium glow lamps are used as markers 14

Rich, Arnold Rice, The splenic lesion in sickle cell anemia 398
Rolleston, Sir Humphry, William Sydney Thayer and Susan Read Thayer Lectures in Clinical Medicine 61, 117

Sickle cell anemia, The clinical aspects of 397
Sickle cell anemia, The splenic lesion in 398
Sphygmograph using a carbon grain microphone and the string galvanometer 1
Streptococcus puerperal infection, Three cases of, with unusual lesions 25

Taussig, Helen B., Electrograms taken from isolated strips of mammalian ventricular cardiac muscle 81
Thayer, William Sydney, and Susan Read Thayer Lectures in Clinical Medicine 61, 117
Tower, Sarah Sheldon, The threshold for electrical excitation of the motor cortex of anaesthetized mammals 237
Turner, Roy H., A method for measuring the velocity of the pulse wave in which helium glow lamps are used as markers 14
Turner, Roy H., A sphygmograph using a carbon grain microphone and the string galvanometer 1

Vagina and uterus, The bacterial content of the, on the fifth day of the normal puerperium 190

Webster, Bruce, Alan M. Chesney and Thos. A. Clawson, Endemic goitre in rabbits 261, 278
Webster, Bruce, and Alan M. Chesney, Endemic goitre in rabbits. III. Effect of administration of iodine 291
